Applying This Paste Actually Removes Hairs

(Beauty Notes).

Merely applying an inexpensive paste to a hairy surface, say beauty specialists, will dissolve the hairs. This paste is made by mixing a little water with some powdered delatione: after about 2 minutes it is rubbed off and the skin washed. This simple method not only removes every trace of hair, but leaves the skin free from blemish. To insure success with this treatment, be careful to get real delatione.—Advertisement.

Dandruff Surely
Destroys The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to hrush o'r wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon: apply it at might when retiring: use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is incept.
